Courts for Disaster:

1. Reform about [illegible] problems
2. Challenges [illegible] of the ERA Sarasota
3. Role of an administrative umpire
4. Thirty's Second Century
5. Second Corp paradox
6. Silverbow v. Missoula on annexation by annexation
7. S.A. Lodge duality on IS related v. pos-Tuna substantive of SA

Amendment (Top of p. 13)
Last week of most of Article's argument to test Eastern locality was exposed. Article does a cardinal violation of Eastern locality.

---

can I reply to the Gibbons exposition of his diagrams (very briefly).

Blocks exp. Overlap of need

Keele Sept-1981

Causality, Relativity and the EPR Paradox

Transparencies

1) 3 views on observables not in an eigenstate
2) What does measurement do?
2a) How is this change brought about?
2b) ~~Real~~ Locality in the EPR Argument
(defns of $Locality_1$ and $Locality_2$)
2c) The EPR Argument (1935)
2d) $Locality_3$
3) The Bell Experiment
3a) The Bell Argument.
7) The Stapp - Eberhard Approach.
(defn of $locality_4$)
8) The Principle of Local Counterfactual Definiteness (PLCD)
9) Problem with the PLCD in an indeterministic situation
11) $Locality_5$ (or flavors)
11a) Is locality violated in EPR?
